

FIND CARBON MONOXIDE FAST!

Get real-time results

The SCM4 Carbon Monoxide (CO) Detector has a very fast reaction time, and measures CO in parts per million (ppm). Its electrochemical sensor is fast enough for walk-around tests. The SCM4 responds to changes in CO levels in real time.

Carbon Monoxide Detector, SCM4

- Field-replaceable CO sensor
- Calibrate to ambient quickly with the ZERO button
- Audio/visual alarms with mute
- Fast electro-chemical sensor
- Magnetic hanger for hands free
- Bright-blue backlit dual-display to test in dark crawl spaces
- Magnetic hanger for hands free testing
